TIB concerned over rising political violence: Calls for immediate dialogue of the two top leaders

In a statement, Iftekharuzzaman, Executive Director of TIB expressed concern over rising political violence and called upon the two top leaders to sit for a dialogue to find ways to settle the political differences. He said, “the rising violence, chaos and disorder are deeply worrying, regrettable and unacceptable by any standard. At the core of these is a zero-sum game for power at the expense of public interest and basic rights of citizens to life, liberty, safety and other individual freedoms, especially of the children, women, minorities and other disadvantaged sections of the society. Failure to exercise restraint and stop the negative, confrontational and destructive political game can be of grave risk for our journey to democracy and democratic institutionalization”.

“We call upon Prime Minister Sheikh Hasina and Leader of the Opposition Begum Khaleda Zia to consider implications of the confrontational, violent and aggressive political game, for the people of the country, for whom they are involved in politics. This is the high time for you, Honorable Prime Minister and Opposition Leader, to call off the self-defeating contest of legitimacy, and place people’s interest above anything else. This is the moment for you to demonstrate the political acumen, commitment to democracy and democratic rights of the people and to start dialogue, which is the only option to avoid any risks against progress towards democracy”, he said.

It further said, “the forthcoming national election being at the core of the on-going conflicts, we call upon the two leaders to find a negotiated settlement on how it can be held in a manner acceptable to both sides. The solution lies in a change of their mutual dislike and distrust, which is in their hands only”.

“We call upon political leaders to adopt a set of legally-binding Code of Conduct for Hartal that would ensure that normal public life is not adversely affected by the illegitimate and unlawful use of this legitimate way of political protest”,Iftekhuazzaman said.
